

Namale
THE FIJI ISLANDS RESORT AND SPA
ANCIENT WISDOM • SACRED SPACE

AS SEEN ON THE COVER OF

AUGUST 4, 2004

"Namale Resort & Spa, the hauntingly beautiful retreat (Tony Robbins) has created on Vanua Levu...It is perfection itself."

"Blessed with its own blowhole and views out to coral reefs, where spinner dolphins, batfish and hundreds of other marine creatures await reef walkers and scuba divers, Namale, where Tony Robbins lives two to three months a year, is as enchanting as the meke, the dance with which Fijians welcome visitors."
